## SALT WATER FISHING FACILITIES

Off the New Jersey coast, the fishing's superb for giant marlin, tuna and swordfish. Nearer shore, there are porgy, seabass and tautog. And for surf casters, striped bass, and fighting snapper blues. There are tournaments and contests, too, through most of the fishing season at Atlantic City, Asbury Park, Belmar, Lavallette, Tuckerton and other beach resort cities.

BRENDAN BYRNE GOVERNOR

Transportation plays a vital role in the economic and cultural life of New Jersey. We see this daily, whether we travel by road, rail, ship or air; whether we travel to work, on business or for relaxation; whether the transportation is for people or products.

This 1978 edition of New Jersey's Official Map and Guide is intended to assist residents and visitors alike in their travels around the State as we move through a critical period in planning and improving transportation. Future priorities must be reassessed in the light of constraints in the use of energy, concern for the environment and limitations in the capacity of the transportation network itself. These are the challenges of change, and with the understanding and help of the citizens of New Jersey, we will meet them confidently and successfully.

  
LOUIS J. GAMBACCINI  
COMMISSIONER, DEPARTMENT OF TRANSPORTATION

Transportation plays a vital role in the economic and cultural life of New Jersey. We use this daily, whether we travel by road, rail, ship or air; whether we travel to work, on business or for relaxation, and whether the trip is a day or a week.

This 1973 edition of New Jersey's Official Map and Guide is intended to assist residents and visitors alike in their travels around the State as we move through a critical period in planning and improving transportation. It is our hope that this guide will be a useful and enjoyable reference for all who use the State's transportation system, and that it will help to make the most of the many opportunities and attractions that New Jersey has to offer.
